PROBING BAD CHARGES

Allegations of Bribery Being
Sifted at Columbus.

HANNA AND OTHERS SUBPOENAED.

Rathbone, a Hanna Leader, Says the Investigation Will Be Thorough—Ousting of Kurtz as National Committeeman Demanded—Work of the Legislature.

COLUMBUS, Jan. 14.—Senator Hanna and the members of the legislature have gone home, but all will return by Tuesday next. The leaders on both sides are still here preparing for another fight next week.

The opposition to Hanna was defeated in his election, but it proposes to fight now against him being seated for the long term. His enemies say they have not the time to interfere on the short term, but they will press the bribery charges, as such charges were pressed on Henry B. Payne, 14 years ago, to the United States senate. Subpoenas have been issued for Senator Hanna, Major Dick, W. D. Hollenbeck, H. H. Boyce and others to appear before the senate committee next Tuesday night.

Libel suits have been brought against several Republican newspapers for damages in connection with the bribery charges, notably one by T. C. Campbell for \$100,000 against the Ohio State Journal.

Among the managers for Senator Hanna who is still here, and will remain till the investigation is completed, is Hon. E. G. Rathbone, who says he wants the bribery investigation pushed to the last ditch. He says those who were in that business are raising the cry against others, and that the investigation will show who is guilty and who is being persecuted and as well as slandered.

While the senate committee, of which Senator Burke is chairman, has begun the investigation, the house committee will not be appointed till next Tuesday. The Otis resolution was adopted in the house yesterday, but Speaker Mason wanted time for the selection of the five men to do the investigating. As Speaker Mason is anticipating an attempt to oust him, he is disposed to confer with the members before naming the house committee. In the standing committees announced by Speaker Mason it was seen that he gave the Republicans, who voted for Hanna, good places. But it is said that the latter will not accept the olive branch and a majority has signed a document to oust Mason and the other officers. Speaker Mason has never missed a moment out of his chair during the sessions of the past two weeks.

As Speaker Pro Tem. Griffith is now with the Hanna members, Mason knows that in his absence, a resolution would be offered and adopted to reorganize the house. As Mason will refuse to recognize anyone offering such a resolution there are those who expect violence in the house before the proposed reorganization is effected. Mason was very arbitrary in his rulings yesterday, and the Republican members are ready to resort to desperate efforts next week for reorganization. As the fusion Republican members from Cincinnati were assured of support on the Republican side for certain bills for the reorganization of their city, their support, with the exception of Otis, is counted on in displacing Mason. The Democratic side is depended on to support the Cincinnati bills in any event.

W. P. Mackney has appointed the following committee of Democrats to arrange a plan of organization for the party, to be presented for ratification to the next state convention. The committee is: R. M. Ditty of Hillsboro, George W. Long, Troy; E. H. Moore, Youngstown; John A. Poland, Chillicothe; James Ross, Columbus; George Kinder, Ottawa; John T. Kenney, Celina; T. J. Mulvihill, Cincinnati. The appointment of this committee was authorized by the conference here last Saturday, previous to the Jackson banquet.

Almost another thousand congratulatory telegrams were received for Senator Hanna again yesterday and forwarded to him at Cleveland. They include his colleagues in the senate, including Senator Foraker, who wired:

"I congratulate you, not only upon your election, but also upon your happy remarks to the general assembly."

Senator T. C. Platt sent a strong dispatch to Senator Hanna saying: "Your success means the salvation of the party," and a still more vigorous one to Major Dick.

Some of these congratulatory telegrams continue to denounce "traitors" in the severest language.

At the jollification meetings in some counties the resignation is demanded by resolution of Charles L. Kurtz as the Ohio member of the Republican national committee.

Both branches of the legislature adjourned till Tuesday. In the senate those voting yesterday against the Burke resolution for the investigation of bribery changed their votes.

In the house there was a long discussion on the Otis bribery resolution. As the Republicans expect to reorganize the house an attempt was made to postpone further consideration of the Otis resolution till Feb. 3, so that Speaker Mason would not appoint the committee to conduct the investigation. The house refused to postpone the

resolution and it was adopted—by a vote of most of the Republicans not voting. When Scott, one of the dissenting Republicans, asked Boxwell a question, the latter answered that he would not reply to traitors. When Speaker Mason had Boxwell's words taken down, the latter said it mattered not what the chair held as there would soon be another speaker.

SENATOR HANNA'S FOES.

They Talk of Having the U. S. Senate Investigate His Election.

WASHINGTON, Jan. 14.—It is understood that some senators have been notified of the probability of the senate being called upon to investigate the method of Senator Hanna's re-election to the senate. It is said to be the purpose of the Ohio managers of the opposition to secure an investigation of Representative Otis' charges of bribery by the Ohio senate, and they have made the inquiry whether if the state senate forwards properly formulated charges they will receive the attention of the senate of the United States.

GREETING TO HANNA.

Cleveland Gives Him an Ovation on His Return Home.

CLEVELAND, Jan. 14.—Senator Hanna was received in this city upon his return from Columbus with an enthusiasm far greater than that which has been accorded any public man in this city in a decade. Long before the hour for his train's arrival thousands gathered upon the streets and began to line the sidewalks.

At noon the Tippecanoe club, the Business Men's League and the Republican clubs gathered in front of the Masonic building, on Superior street, and formed for parade. Half the town turned out to see them. Headed by a brass band they marched to the Union depot, where Senator Hanna was met by them. He was escorted to a carriage and rode to the Hollenden with James H. Hoyt.

The senator was lustily cheered all along the line of march, many business houses practically suspending business for the time being. A public handshaking reception occurred in the lobby of the Hollenden, and the senator was congratulated on all sides. Senator Hanna received an enthusiastic ovation all along the route from Columbus to Cleveland and at several points made brief addresses to the assembled crowds.

At the Hollenden House he made a very happy speech, saying:

"This home-coming is sweeter to me than any honors that have ever been conferred upon him. I have been elected to the senate by the Republican party, but hereafter I am the servant of all the people."

May Expel the Bolters.

CLEVELAND, Jan. 14.—The Tippecanoe club last night adopted resolutions asking Senator Burke, Representatives Bramley and Mason and Mayor McKisson and Corporation Counsel Norton, who were active in opposition to the candidacy of Senator Hanna, to resign. The directors will now be asked to expel the five members.

Anti-Saloon League Officers.

COLUMBUS, Jan. 14.—The American Anti-Saloon League elected these officers: Hon. Hiram Price, Iowa; vice presidents, Rev. Dr. L. B. Wilson, Washington, D. C.; Most Rev. John Ireland, D. D., Minnesota; W. T. Tilley, Pennsylvania; Bishop B. W. Arnett (colored), Ohio; Rev. Dr. P. S. Henson, Illinois; Rev. Dr. P. B. Tyler, New York city; Rev. Dr. Newman Smythe, Connecticut; superintendent, Howard H. Russell, Ohio; secretary, James L. Ervin, Washington, D. C.; treasurer, J. W. Cummings, New York city.

State Agricultural Society.

COLUMBUS, Jan. 14.—The annual meeting of the Ohio State Agricultural society closed with the election of five new members of the state board as follows: G. Liggett, Union county, four years; L. C. Ely of Fulton and H. S. Grimes of Scioto, three years; Albert Hale of Summit and H. S. Ellis of Warren, two years. C. Boardwell of Clermont was elected president of the board, W. W. Miller was re-elected secretary and J. C. Bower of Franklin county, treasurer.

Alleged Swindler Under Arrest.

WILLIAMSPORT, Pa., Jan. 14.—Harry W. Straight of this city, who was arrested in Jersey City for swindling, is wanted at Newport, Perry county, where the First National bank cashed a check for nearly \$300, drawn on the Citizens' National bank of Muncy, this county. There is no truth in the story of a \$5,000 swindle in this city.

Blow Caused His Death.

NEW YORK, Jan. 14.—John Roslitz, 27 years old, of 507 West Fifth street, has died at Bellevue hospital. Death resulted from an abscess of the brain following compound fracture of the skull caused, it is said, by a blow from Thomas Walsh, a longshoreman. Detectives are looking for Walsh, who is out on \$1,000 bonds.

Oklahoma Divorce Stands.

TRENTON, Jan. 14.—Vice Chancellor Reed has filed an opinion refusing to set aside the Oklahoma divorce granted to Frank A. Magowan from his wife, Mary Magowan.

many Deaths From Plague.

BOMBAY, Jan. 14.—The deaths from the plague during the past week numbered 450.

MAY IMPRISON ZOLA.

French Government to Prosecute the Novelist.

WROTE A SENSATIONAL LETTER.

He Accused High Officials of Crookedness in Clearing Esterhazy, Who Has Been Accused of Being the Guilty Man, Instead of Dreyfus—Paris Excited.

PARIS, Jan. 14.—Premier Meline has announced that the government has decided to prosecute Emile Zola, the celebrated novelist, on account of his open letter to President Faure. Zola therein pointed out alleged illegalities in the Esterhazy trial and accused the minister of war, General Billot; General Mercier, Major Ravary and Major Paly de Claw of perjury and challenged the government to prosecute them.

Colonel Picquart, who made charges against Esterhazy, has been arrested.

Count De Mun interpolated the government, which brought out the premier's statement that Zola would be prosecuted.

The novelist all along has declared that Captain Dreyfus, accused of selling military secrets to the German government, was not guilty. It has been alleged that Esterhazy was the guilty man. The clearing of Esterhazy brought forth Zola's letter.

Count de Mun's interpellation fell suddenly upon the government. M. Zola was in the lobby of the chamber of deputies while his letter was being debated. He was cold-shouldered and snubbed in almost every direction. It is predicted that M. Zola will get a year's imprisonment and it is declared that if he were not a Frenchman he would be expelled from the country. At the same time his courage is acknowledged.

He is working hard to utilize the five days left to him to prepare a case and to call witnesses. There is no doubt that he has not revealed all he knows. The chief line of his defense will be to show that Albert Dreyfus did not write the Borden.

PLENTY OF WATER.

The River Rose Steadily During Last Night.

The biggest rise of the season reached this port this morning, when the marks at the foot of Market street registered 25.6 feet. The stream was rising slowly, and the river will, unless cold weather sets in, remain at a good stage for some days.

Word was received in this place last evening that ice was coming down the Allegheny with a rush and late in the night had reached Pittsburg. It will reach here, it is expected, this evening.

The drift is lodging against the piers of the bridge, and at noon had assumed large proportions. The coal fleets at the Broadway wharf are now tied in to stakes driven in the roadway.

WILL BE APPOINTED.

A Very Good Thing in Store for a Liverpool Man.

The NEWS REVIEW has been informed that a prominent young man of this place will in the near future be appointed to a splendid position by President McKinley. The official announcement will be made in a short time.

The position is one to which is attached a very good salary.

In Lisbon.

LISBON, Jan. 14.—[Special]—The case of Stewart Hasson against John Frankland and Edward Oakley was brought to court on appeal from a Palestine court where judgment was rendered for the plaintiff for \$110.

A mortgage for \$1,000, given by the Central Union Telephone company to the Illinois Trust and Savings bank, was recorded here today. The mortgage is on the telephone system owned by the company.

No Charge.

This morning a man under the influence of liquor called at the office of Squire Hill and wanted to make a charge against a man for calling him hard names. He was told to call again when he was sober. The squires have many cases of this kind, and scarcely a day passes that some individual, considerably the worse for liquor, does not appear and want to make information for some fancied grievance.

Two Arrests.

Two arrests were made last night and both were made by Officer Whan. The

man gave the names of J. C. Sharp and W. Watson.

They were charged with being drunk and disorderly, and when given a hearing were fined \$6.60. Officer Whan is the first member of the regular force to make an arrest this year.

A 10 PER CENT ADVANCE.

United Mine Workers Favor It—New Officers Elected.

COLUMBUS, Jan. 14.—The United Mine Workers of America elected W. C. Pearce of Ohio secretary without opposition. There were 48 candidates for the six positions on the executive board and the vote was so close that the result was not announced. The following delegates were elected to the American Federation of Labor: M. D. Hatchford and T. L. Lewis of Ohio, John M. Hunter of Illinois and John Fahy of Pennsylvania.

David Ross, commissioner of labor of Illinois, addressed the convention. He advised the miners to demand an advance at the joint conference with the operators at Chicago next week. A demand of 10 cents per ton advance is generally favored.

Patrick Dolan was defeated for vice president by John Mitchell of Illinois. The vote was 222 to 197.

SAW ANDREE'S BALLOON.

Several Persons Declare It Was In British Columbia In August.

STOCKHOLM, Jan. 14.—Prof. Norden-skjold, the Arctic explorer, has informed the Swedish Academy of Science that the foreign office has received intelligence that several persons worthy of credence saw Prof. Andree's balloon early in August in British Columbia, seven miles north of Quesnelle lake, in the district of Cariboo. The professor regards the news as being of sufficient importance to call for closer investigation.

I Wonder.

Rumor has it that Harvey S. Plankinton, the well-known butcher of Fifth street, is soon to wed one of the belles of New Castle, Pa. Don't dodge the cigars, Harvey. A number of young lady friends, residents of Broadway, are very anxious to know whether or not "the day" has been set. While there's life there's hope, you know.

Patronized a Saloon.

The township trustees are often imposed upon, and yesterday when a certain individual applied for aid and told a pitiful tale he was assisted, but one of the trustees determined to watch the fellow. A few minutes later he was rewarded by seeing him enter a saloon.

It is safe to say that he will receive no more help from the trustees.

Preparing For Battle.

Of the councilmen whose terms expire this year Doctor Marshall will be a candidate for re-election, provided there is no contest. He will not fight for the place.

Mr. Cain, of the Second, and Mr. Ashbaugh, of the Fourth, are in the field again. To the present nothing has been heard of opposition.

Preparing For Business.

The boys at the freight depot do not say whether they expect to work at night, but today six large lamps were placed along the outbound platform.

Shipments of crockery are steadily increasing.

Stockholders' Meeting.

The annual meeting of the stockholders of the Union pottery will be held tomorrow afternoon in the Ferguson & Hill building at 1 o'clock. There is no unusual business to transact.

The Gibneys.

"The Hidden Hand" was presented at the Grand last evening by the Gibneys to a large and well pleased audience. Tonight "Camille" will be played.

Will Preach at Chester.

Reverend Reed will deliver an address at Chester next Sunday afternoon.

PERSONAL MENTION.

—Howard Blake returned last evening from Columbus.

—Tip Queen, of Salineville, is visiting friends in the city.

THE WICK CHINA CO.

Said to Be Chasing Out Brotherhood Men.

WILL NOT PAY THE ADVANCE

J. D. Myler, an Old East Liverpool Potter, Calls at the News Review Office and Tells the Story of His Trouble With President Wick.

J. D. Myler, formerly dishmaker at the Goodwin pottery, but lately engaged with the Wick China company, Kittanning, Armstrong county, Pa., arrived in East Liverpool yesterday, having, as he states, been discharged by John Wick, Jr., president of the Wick China company. Mr. Myler states that he was discharged because he asked for the 12½ per cent advance and because he belongs to the Brotherhood of Operative Potters. He further states that Wick is discharging everybody who belongs to the Brotherhood; that Wick stated that he would pay five per cent of an advance and run steadily, but that if he paid the 12½ per cent advance he could not run steadily, as he was and is selling 10 per cent less than the East Liverpool manufacturers. Myler states that Wick cursed like a full-fledged heathen Chinese, called down maledictions upon the Brotherhood, and used language vile beyond description in cursing and denouncing President Al

Hughes. Myler further stated that Wick asserted that he had seven million dollars back of him, and that he purposed making it hotter than hades for the Brotherhood of Operative Potters. Myler states that at the time of the late presidential canvass, Wick was the loudest mouthed "promiser" in all that section of country, asserting that if McKinley was elected president, the Wick China company would be glad to pay the 12½ per cent advance, but now boasts that the 12½ per cent being paid elsewhere is only a temporary feature, and that Wilson wages will control again in the near future. Mr. Myler will remove from Kittanning at once and take up his abode in East Liverpool, where he has already secured a good situation.

That Water Works Switch.

Messrs. McCormick, Newhall and Thomas, of the Cleveland and Pittsburgh railroad, held a conference with Superintendent Phil Morley with reference to that switch at the water works yesterday afternoon, but nothing definite was done.

Engineer Newhall will correspond with Superintendent Scriven, and by next week something important will develop.

Funeral of Mrs. Brookes.

The funeral of Mrs. Lucy Catherine Brookes took place this afternoon at 2 o'clock from her late residence in railroad street, Reverend Huston officiating. Interment was at Riverview.

A large number of friends and relatives were in attendance.

NOW IN THE INFIRMARY

A Party of Four Were Taken to Lisbon.

SUFFERING FROM A SORE ARM

Poor William Marvin Was in Pitiable Condition—Two Laborers Who Were Without Homes—One Name Not Given Out.

The township trustees this morning sent four unfortunates to the infirmary.

William Marvin, aged 17, arrived here from Cadiz last night. He was taken to jail by Trustee Albright where it developed that on his arm was an enormous running sore. He said he had worked for a farmer near Cadiz, and was by him sent to the poorhouse. After keeping him a time the authorities transferred him to this place. He is from Rochester, N. Y.

John Ryan and William Burns are Irishmen who worked at Unionport, but lost their jobs before Christmas. They will be kept until spring. They were at the infirmary for nine days in 1896.

The other occupant of the carriage was a well known young man of the city, whose name is not given out. He is ill.

LABOR IN LEGISLATION

The Wage Earner Will Not Be Forgotten.

NUMBER OF BILLS IN PROSPECT

The General Assembly Will Be Asked to Consider a Substitute For the Mechanics' Lien Law—Other Measures For Workmen of Ohio.

COLUMBUS, Jan. 14.—[Special]—Matters affecting the interests of the wage earner will be more prominent in this legislature than ever before. Almost every class of workers will be represented in the legislation proposed and the work commenced the first day. The most radical of all the bills is one introduced by Representative N. R. Piper, of Hardin county. This provides for the application of the principles of the initiative and referendum to the smaller political subdivisions of the state. It is not confined to municipalities, but reaches also to counties and school districts. The bill shows Mr. Piper's good will, but is of such a character that it will never become a law.

The legislative committees, which will work from trade organizations in the lobbies of the legislative halls this session, will be larger than those of the past. At the request of the legislative committee from the Ohio Federation of Labor, each organization in this city has selected a committee of seven members to assist in the work of lobbying for favorable measures and opposing others. This joint committee will number about 200 men, all the time watching the legislature in the interest of labor.

Probably the greatest fight for labor legislation will be to obtain the passage of a good act that will replace the mechanics' lien law which was declared unconstitutional. All building trades are interested in this, and allied interests will also take a hand.

Already bills have been introduced to better the condition of workshops and factories, and Representative Roberts, of Cleveland, has presented a bill to regulate and license stationary engineers. Another bill is to abolish the contract system in street improvements and make eight hours a day's labor on public work. Then the barbers of the state have prepared a bill providing that all tonsorialists must pass an examination before a state board and obtain a license. This is intended to do away with so-called "barber schools" and cheap shops that are generally unclean.

The question of convict labor will come up from several sources and an effort will be made to reduce the competition with free workers. The miners will ask for some relief; the tailors will again try to compel manufacturers of shoddy clothing to so label their goods, and the printers will endeavor to have a state printing plant established.

Legislation mentioned is already in course of preparation at the capitol and there are undoubtedly other beneficial laws that will appear later. The labor leaders will have plenty to keep them busy this winter, and it is to be hoped that their work will not be tainted with scandal, as were some of the efforts made in the last assembly.

BLAQUE WILSON.

A SPRINTER.

Winnie Mercer is Among the Best of Them.

A morning paper says: "Win Mercer, of the Washingtons, and Jimmy Callahan, of Chicago, are said to be two of the fastest sprinting twirlers in the National league. Mercer's batting average of last year was .333, which, it is said, was greatly augmented by his ability in beating out close hits."

The baseball and football teams will hold meetings the early part of next week.

The Rovers will practice tomorrow afternoon, and will endeavor to arrange games with McDonald or Homestead.

After the Sparrows.

The small boys have inaugurated a crusade against the English sparrows, hoping thereby to make a little pocket money from the law which allows the authorities to pay for the heads of these birds.

About 10 o'clock last night a Seventh street family heard a noise on the front veranda, and going to the door were surprised to find three small boys and a stepladder. They were after the sparrows that had gone to roost under the eaves.

You're After Money.

You have heard the proverb so often "A Dollar Saved is a Dollar Earned." That is a cold, hard fact. A dollar spent extravagantly or paid in over charge is a dollar knocked out of your days earnings--a dollar saved in economical trading is a dollar added to the days wages.

WE'RE AFTER YOU WITH MONEY IN OUR HANDS

in the way of a practical premium for your trade. We can save you money every time. We can make a dollar go as far as a dollar and a dime elsewhere. That means you are getting a premium of one dollar on every ten you spend with us. We are doing better for you than that. EAST LIVERPOOL, O., FRIDAY, JAN 14.

KEEP an eye on the primaries, and vote for those men who can be trusted to abide by their oath of office.

THE condition of affairs in Havana is best told by the statement that Spanish officers are mobbing newspaper offices.

PERHAPS it would be a good plan to amend the biennial session of the legislature plan by restricting the active life of the general assembly to one month.

THE Republican party has no use for free silverites. If Mr. Bryan wants their support let him have them. They will not number enough to insure his election.

It is significant that those who are most bitter in their opposition to the annexation of Hawaii were a few years ago most enthusiastic in their praises of everything Grover Cleveland choose to do.

If Mr. Hanna will take into the senate the methods that have made him so successful in business, Ohio will have more cause than ever to remember that its leading party knows well how to keep a pledge.

In spite of the outcome of the civil service discussion in congress, there are a very great many people in this country who are opposed to appointing any man to office and permitting him to fill that position until the grim reaper claims him.

SILVER AGITATION.

The renewed activity on the part of those silver leaders who still have faith in their chosen doctrine is brought out by the fact that the people will this year elect their representatives in congress. The friends of Bryan and free coinage pretend to believe that they have a fighting chance. As usual they are wrong. The Republican party has redeemed its promises to the people. Prosperity has come to drive away adversity. The country is again assuming its oldtime conditions, and thousands of busy toilers are again given employment. When we remember that these things were impossible under Democratic rule, we cannot think that the silver men have much cause for hope.

WATCH THE PRIMARIES.

Aye, watch the primaries closely. The time has come when this is imperatively demanded. Good men and true must be first nominated and then elected. The News Review is Republican all through, and has the courage of its convictions. The Republicans are largely in the majority in East Liverpool, and the majority rules, or is supposed to, in this country. But no party, no matter how strong, will dare to place at its head men who are unworthy of trust and who pay no attention to their oath of office. Such conduct, if persisted in, will ruin any party, and should ruin it. The Republican party of East Liverpool has in its ranks many good and true men who will do honor to any position in which they are placed. Let such men be nominated, and there is no doubt of their success. The men who will aim to place an unworthy candidate in nomination for the position of mayor of East Liverpool, on the Republican ticket, are the very worst enemies the Republican party has to fear. The News Review rings out this note of warning: BE CAREFUL WHOM YOU PLACE IN NOMINATION, AS THE CONSERVATIVE CITIZENS OF EAST LIVERPOOL WILL STAND NO TRIFLING.

BOUGHT A BIG BUILDING

William Erlanger Now Owns the Hotel Grand.

THE PRICE NOT MADE PUBLIC

The New Owner Is Not Yet Prepared to Say What He Will Do With It—The Deal Was Closed Last Night, and Is a Great Surprise.

The Hotel Grand is now the property of William Erlanger. The bargain was made last night, and all documents have been signed. Mr. Erlanger has not yet announced what disposition he will make of his purchase.

The property has been on the market for some time, and until recently was covered by an option. Mr. Erlanger decided that he wanted it, and was not long in closing the deal.

The property purchased not only includes the hotel building proper, but the frame buildings in Washington street as well. The property is 70x90 feet, and among the most valuable business locations in the city.

Mr. Erlanger said to the News Review, this morning, that he was not yet prepared to say what he would do with the purchase, but would announce his intentions in a short time. He will take possession Feb. 15.

OUR INDUSTRY.

How They View the Advance in Pittsburgh.

The following was clipped from the editorial column of the Pittsburgh Chronicle Telegraph:

"The pottery industry is now profiting by the improvement in business, and the wages of the potters are advancing. The rate of pay is restored to the basis preceding the cut made necessary in 1894 by the depression in business. The pottery trade suffered severely in the industrial depression, for it had to contend with the foreign competition induced by the lower duties of the Wilson bill, as well as with the unfavorable conditions which beset business of all sorts. The Dingley bill recognized the injustice of the Wilson pottery duties, and raised them to a point which permits living wages to the potters. The workmen, who are receiving from 12½ to 14¼ per cent more wages than were paid in the last three years, are in position to appreciate a practical application of the doctrine of protection to American industries."

WELLSVILLE.

IT STUCK IN THE MUD

So Two Carrollton Characters Abandoned the Outfit.

ARRESTED FOR STEALING IT

They Are Charged With Taking a Horse and Buggy, and Almost Succeeded in Getting Away—Were Taken Back Today. All the News.

Rush Palm and Edward Black were arrested yesterday afternoon by Constable Thorne on the strength of a telegram sent by Sheriff Ashbrook, of Carroll county. The telegram said they had stolen a valuable horse and buggy from Doctor Dick Williams, of Carrollton, and had started for the river.

It seems the men almost succeeded in reaching Wellsville, when the horse and buggy stuck in the mud. They abandoned the outfit and came to town, where they were arrested. One had a revolver, and the other had a razor and a can of baked beans.

Doctor Williams and the sheriff came to town this morning, and identified the property. The men were taken to Carrollton this afternoon.

Died Suddenly.

The sudden death of Mrs. Martha A. Cully yesterday afternoon surprised many of her friends, who did not know she was dangerously ill. Although she had been suffering for several days with pleurisy, she was not believed to be in a serious condition until a few hours before her death.

Mrs. Cully was a widow since her husband died while a soldier, and she leaves one daughter, Mrs. S. M. McConnell. Funeral services will be held at her home in Main street Sunday afternoon, Reverend Lowry officiating. The remains will be sent to Florence, Pa., Monday morning.

Deceased was very well known, and her death is mourned by a large circle of friends.

New Superintendent.

John Hamilton, of Liverpool, has been appointed superintendent of the gas plant. He took the place of James Vail, who came here some time ago from Pennsylvania.

A TANK TOPPLED OVER

And Injured the New Sebring Pottery.

WALL AND ROOF TORN DOWN

The Water Damaged a Car of Flint and Two of Spar—The Damage Will Amount to \$500—Cause of the Accident Is at Present Unknown.

The big water tank at the new plant of the Sebring company in East End, toppled over last night, and considerable damage was done.

The tank stood on a platform across the switch from the pottery, and was filled with water yesterday for the first time. During the night it fell in such a manner as to crush a portion of the roof of the plant and tear down 30 feet of the west wall. A car of flint and two of spar were deluged and the contents rendered worthless. The damage will amount to \$500.

Workmen will begin at once, and the damage to the buildings will be repaired by Monday. The cause of the accident is not known.

THEY SAY IT IS A GO

West End Will Have a New Factory.

WAS SETTLED IN A HURRY

Local Capital Interested With Eastern Men—The Few People Who Know the Particulars Will Not Say Anything Beyond That the Plant is Assured.

Although the matter is surrounded by the mystery that usually attends the location and construction of new factory buildings, it seems that the West End is to have another plant within the next few months.

The fact was made known this morning by a well known resident who is acquainted with the details of the deal although he is not directly interested. It seems that an eastern man, who represents a large amount of capital, was in the city the other day, and going to an office down town held a long conference with a local man. They had been corresponding on an entirely different matter, but the scheme later decided upon was brought into the conversation and settled at once.

The ground for the buildings has been purchased, and everything is in readiness to begin operations early in the spring. The plant will be located in West End, and when in operation will employ 25 or 30 men.

The News Review's informant said that he was positive all arrangements for the building of the plant had been made.

Only a Rumor.

There is a rumor that Steubenville is bidding high for the Banfield plant, and recently added some important features to the original offer.

A LITTLE PATRIOT

Who Believes That the Cause of Cuba Is Just.

Yesterday the scholars in the room taught by Miss Mary Smith in the Central building were given a few minutes to write their impressions of Cuba. The following is from the pen of Miss Josie Pickal:

A Poem on Cuba.

Cuba is a large island,
So they all do say.
It is situated off the coast of Florida.
Spain tried to get this island,
But the Cubans they were brave;
So they fought until they conquered,
And won the day.

Many wounded, many killed,
But they wanted independence,
Independence to the last.
Long they fought—
Long they reigned—
Till at last won the day.

Patient were they 'till the last.

Spain though angry

Fought her best.

Angry was Spain

When dear old Cuba won.

Let us all hail dear Cuba;

Dear old Cuba 'till the last,

While the stars are waving over

Land and sea.

Yes; we loved dear old Cuba,

And the stars and stripes,

For we love the nations

Who love the stars and stripes.

Let it wave forever o'er Cuba,

And her men.

Let us all be thankful

For Cuba and her men.

VANITY FAIR.

Something Unusually Good at the Grand Next Monday.

Once every year a particularly successful burlesque organization is launched; one that from its own force becomes more generally and favorably known within a few weeks, than others do which may be on tour several seasons.

The reason for this is not hard to solve, its success is due to its superior quality; its merits being spread abroad and carried along by the praise of those who have witnessed its production. Such being the case, it is not wonderful that "Vanity Fair" has had such phenomenal success. Those who have seen it, recognize it as a "good thing" and pass the word along. It is one of the most gorgeous productions that has been presented to the public in this age. "Vanity Fair" comes to the Grand next Monday evening.

**Allegations of Bribery Being
Sifted at Columbus.**

HANNA AND OTHERS SUBPOENAED.

Rathbone, a Hanna Leader, Says the Investigation Will Be Thorough—Ousting of Kurtz as National Committeeman Demanded—Work of the Legislature.

COLUMBUS, Jan. 14.—Senator Hanna and the members of the legislature have gone home, but all will return by Tuesday next. The leaders on both sides are still here preparing for another fight next week.

The opposition to Hanna was defeated in his election, but it proposes to fight now against him being seated for the long term. His enemies say they have not the time to interfere on the short term, but they will press the bribery charges, as such charges were pressed on Henry B. Payne, 14 years ago, to the United States senate. Subpoenas have been issued for Senator Hanna, Major Dick, W. D. Hollenbeck, H. H. Boyce and others to appear before the senate committee next Tuesday night.

Libel suits have been brought against several Republican newspapers for damages in connection with the bribery charges, notably one by T. C. Campbell for \$100,000 against the Ohio State Journal.

Among the managers for Senator Hanna who is still here, and will remain till the investigation is completed, is Hon. E. G. Rathbone, who says he wants the bribery investigation pushed to the last ditch. He says those who were in that business are raising the cry against others, and that the investigation will show who is guilty and who is being persecuted and as well as slandered.

While the senate committee, of which Senator Burke is chairman, has begun the investigation, the house committee will not be appointed till next Tuesday. The Otis resolution was adopted in the house yesterday, but Speaker Mason wanted time for the selection of the five men to do the investigating. As Speaker Mason is anticipating an attempt to oust him, he is disposed to confer with the members before naming the house committee. In the standing committees announced by Speaker Mason it was seen that he gave the Republicans, who voted for Hanna, good places. But it is said that the latter will not accept the olive branch and a majority has signed a document to oust Mason and the other officers. Speaker Mason has never missed a moment out of his chair during the sessions of the past two weeks.

As Speaker Pro Tem. Griffith is now with the Hanna members, Hanna knows that in his absence, a resolution would be offered and adopted to reorganize the house. As Mason will refuse to recognize anyone offering such a resolution there are those who expect violence in the house before the proposed reorganization is effected. Mason was very arbitrary in his rulings yesterday, and the Republican members are ready to resort to desperate efforts next week for reorganization. As the fusion Republican members from Cincinnati were assured of support on the Republican side for certain bills for the reorganization of their city, their support, with the exception of Otis, is counted on in displacing Mason. The Democratic side is depended on to support the Cincinnati bills in any event.

W. P. Mackney has appointed the following committee of Democrats to arrange a plan of organization for the party, to be presented for ratification to the next state convention. The committee is: R. M. Ditty of Hillsboro, George W. Long, Troy; E. H. Moore, Youngstown; John A. Poland, Chillicothe; James Ross, Columbus; George Kinder, Ottawa; John T. Kenney, Celina; T. J. Mulvihill, Cincinnati. The appointment of this committee was authorized by the conference here last Saturday, previous to the Jackson banquet.

Almost another thousand congratulatory telegrams were received for Senator Hanna again yesterday and forwarded to him at Cleveland. They include his colleagues in the senate, including Senator Foraker, who wired:

"I congratulate you, not only upon your election, but also upon your happy remarks to the general assembly."

Senator T. C. Platt sent a strong dispatch to Senator Hanna saying: "Your success means the salvation of the party," and a still more vigorous one to Major Dick.

Some of these congratulatory telegrams continue to denounce "traitors" in the severest language.

At the jollification meetings in some counties the resignation is demanded by resolution of Charles L. Kurtz as the Ohio member of the Republican national committee.

Both branches of the legislature adjourned till Tuesday. In the senate those voting yesterday against the Burke resolution for the investigation of bribery changed their votes.

In the house there was a long discussion on the Otis bribery resolution. As the Republicans expect to reorganize the house an attempt was made to postpone further consideration of the Otis resolution till Feb. 3, so that Speaker Mason would not appoint the committee to conduct the investigation. The house refused to postpone the

resolution and it was adopted—62 to 60—most of the Republicans not voting. When Scott, one of the dissenting Republicans, asked Boxwell a question, the latter answered that he would not reply to traitors. When Speaker Mason had Boxwell's words taken down, the latter said it mattered not what the chair held as there would soon be another speaker.

SENATOR HANNA'S FOES.

They Talk of Having the U. S. Senate Investigate His Election.

WASHINGTON, Jan. 14.—It is understood that some senators have been notified of the probability of the senate being called upon to investigate the method of Senator Hanna's re-election to the senate. It is said to be the purpose of the Ohio managers of the opposition to secure an investigation of Representative Otis' charges of bribery by the Ohio senate, and they have made the inquiry whether if the state senate forwards properly formulated charges they will receive the attention of the senate of the United States.

GREETING TO HANNA.

Cleveland Gives Him an Ovation on His Return Home.

CLEVELAND, Jan. 14.—Senator Hanna was received in this city upon his return from Columbus with an enthusiasm far greater than that which has been accorded any public man in this city in a decade. Long before the hour for his train's arrival thousands gathered upon the streets and began to line the sidewalks.

At noon the Tippecanoe club, the Business Men's League and the Republican clubs gathered in front of the Masonic building, on Superior street, and and formed for parade. Half the town turned out to see them. Headed by a brass band they marched to the Union depot, where Senator Hanna was met by them. He was escorted to a carriage and rode to the Hollenden with James H. Hoyt.

The senator was lustily cheered all along the line of march, many business houses practically suspending business for the time being. A public hand-shaking reception occurred in the lobby of the Hollenden, and the senator was congratulated on all sides. Senator Hanna received an enthusiastic ovation all along the route from Columbus to Cleveland and at several points made brief addresses to the assembled crowds.

At the Hollenden House he made a very happy speech, saying:

"This home-coming is sweeter to me than any honors that have ever been conferred upon him. I have been elected to the senate by the Republican party, but hereafter I am the servant of all the people."

May Expel the Bolters.

CLEVELAND, Jan. 14.—The Tippecanoe club last night adopted resolutions asking Senator Burke, Representatives Bramley and Mason and Mayor McKisson and Corporation Counsel Norton, who were active in opposition to the candidacy of Senator Hanna, to resign. The directors will now be asked to expel the five members.

Anti-Saloon League Officers.

COLUMBUS, Jan. 14.—The American Anti-Saloon League elected these officers: Hon. Hiram Price, Iowa; vice presidents, Rev. Dr. L. B. Wilson, Washington, D. C.; Most Rev. John Ireland, D. D., Minnesota; W. T. Tilley, Pennsylvania; Bishop B. W. Arnett (colored), Ohio; Rev. Dr. P. S. Benson, Illinois; Rev. Dr. P. B. Tyler, New York city; Rev. Dr. Newman Smythe, Connecticut; superintendent, Howard H. Russell, Ohio; secretary, James L. Ervin, Washington, D. C.; treasurer, J. W. Cummings, New York city.

State Agricultural Society.

COLUMBUS, Jan. 14.—The annual meeting of the Ohio State Agricultural society closed with the election of five new members of the state board as follows: G. Liggett, Union county, four years; L. C. Ely of Fulton and H. S. Grimes of Scioto, three years; Albert Hale of Summit and H. S. Ellis of Warren, two years. C. Boardwell of Clermont was elected president of the board, W. W. Miller was re-elected secretary and J. C. Bower of Franklin county, treasurer.

Alleged Swindler Under Arrest.

WILLIAMSPORT, Pa., Jan. 14.—Harry W. Straight of this city, who was arrested in Jersey City for swindling, is wanted at Newport, Perry county, where the First National bank cashed a check for nearly \$300, drawn on the Citizens' National bank of Muncy, this county. There is no truth in the story of a \$5,000 swindle in this city.

Blow Caused His Death.

NEW YORK, Jan. 14.—John Roslitz, 27 years old, of 507 West Fifth street, has died at Bellevue hospital. Death resulted from an abscess of the brain following compound fracture of the skull caused, it is said, by a blow from Thomas Walsh, a longshoreman. Detectives are looking for Walsh, who is out on \$1,000 bonds.

MAY IMPRISON ZOLA.

French Government to Prosecute the Novelist.

WROTE A SENSATIONAL LETTER.

He Accused High Officials of Crookedness in Clearing Esterhazy, Who Has Been Accused of Being the Guilty Man, Instead of Dreyfus—Paris Excited.

PARIS, Jan. 14.—Premier Meline has announced that the government has decided to prosecute Emile Zola, the celebrated novelist, on account of his open letter to President Faure. Zola therein pointed out alleged illegalities in the Esterhazy trial and accused the minister of war, General Billot; General Mercier, Major Ravary and Major Paly de Clay of perjury and challenged the government to prosecute them.

Colonel Picquart, who made charges against Esterhazy, has been arrested.

Count De Mun interpolated the government, which brought out the premier's statement that Zola would be prosecuted.

The novelist all along has declared that Captain Dreyfus, accused of selling military secrets to the German government, and now suffering imprisonment, was not guilty. It has been alleged that Esterhazy was the guilty man. The clearing of Esterhazy brought forth Zola's letter.

Count de Mun's interpellation fell suddenly upon the government. M. Zola was in the lobby of the chamber of deputies while his letter was being debated. He was cold-shouldered and snubbed in almost every direction. It is predicted that M. Zola will get a year's imprisonment and it is declared that if he were not a Frenchman he would be expelled from the country. At the same time his courage is acknowledged.

He is working hard to utilize the five days left to him to prepare a case and to call witnesses. There is no doubt that he has not revealed all he knows. The chief line of his defense will be to show that Albert Dreyfus did not write the Bordeau.

PLENTY OF WATER.

The River Rose Steadily During Last Night.

The biggest rise of the season reached this port this morning, when the marks at the foot of Market street registered 25.6 feet. The stream was rising slowly, and the river will, unless cold weather sets in, remain at a good stage for some days.

Word was received in this place last evening that ice was coming down the Allegheny with a rush and late in the night had reached Pittsburg. It will reach here, it is expected, this evening.

The drift is lodging against the piers of the bridge, and at noon had assumed large proportions. The coal fleets at the Broadway wharf are now tied in to stakes driven in the roadway.

WILL BE APPOINTED.

A Very Good Thing In Store For a Liverpool Man.

The NEWS REVIEW has been informed that a prominent young man of this place will in the near future be appointed to a splendid position by President McKinley. The official announcement will be made in a short time.

The position is one to which is attached a very good salary.

In Lisbon.

LISBON, Jan. 14.—[Special]—The case of Stewart Haddon against John Frankland and Edward Oakley was brought to court on appeal from a Palestine court where judgment was rendered for the plaintiff for \$110.

A mortgage for \$1,000, given by the Central Union Telephone company to the Illinois Trust and Savings bank, was recorded here today. The mortgage is on the telephone system owned by the company.

No Charge.

This morning a man under the influence of liquor called at the office of Squire Hill and wanted to make a charge against a man for calling him hard names. He was told to call again when he was sober. The squires have many cases of this kind, and scarcely a day passes that some individual, considerably the worse for liquor, does not appear and want to make information for some fancied grievance.

Two Arrests.

Two arrests were made last night and both were made by Officer Whan. The

man gave the names of J. C. Sharp and W. Watson.

They were charged with being drunk and disorderly, and when given a hearing were fined \$6.00. Officer Whan is the first member of the regular force to make an arrest this year.

A 10 PER CENT ADVANCE.

United Mine Workers Favor It—New Officers Elected.

COLUMBUS, Jan. 14.—The United Mine Workers of America elected W. C. Pearce of Ohio secretary without opposition. There were 48 candidates for the six positions on the executive board and the vote was so close that the result was not announced. The following delegates were elected to the American Federation of Labor: M. D. Ratchford and T. L. Lewis of Ohio, John M. Hunter of Illinois and John Paly of Pennsylvania.

David Ross, commissioner of labor of Illinois, addressed the convention. He advised the miners to demand an advance at the joint conference with the operators at Chicago next week. A demand of 10 cents per ton advance is generally favored.

Patrick Dolan was defeated for vice president by John Mitchell of Illinois. The vote was 222 to 197.

SAW ANDREE'S BALLOON.

Several Persons Declare It Was In British Columbia In August.

STOCKHOLM, Jan. 14.—Prof. Norden-skjold, the Arctic explorer, has informed the Swedish Academy of Science that the foreign office has received intelligence that several persons worthy of credence saw Prof. Andree's balloon early in August in British Columbia, seven miles north of Quenneville lake, in the district of Cariboo. The professor regards the news as being of sufficient importance to call for closer investigation.

I Wonder.

Rumor has it that Harvey S. Plankinton, the well-known butcher of Fifth street, is soon to wed one of the belles of New Castle, Pa. Don't dodge the cigars, Harvey. A number of young lady friends, residents of Broadway, are very anxious to know whether or not "the day" has been set. While there's life there's hope, you know.

Patronized a Saloon.

The township trustees are often imposed upon, and yesterday when a certain individual applied for aid and told a pitiful tale he was assisted, but one of the trustees determined to watch the fellow. A few minutes later he was rewarded by seeing him enter a saloon.

It is safe to say that he will receive no more help from the trustees.

Preparing For Battle.

Of the councilmen whose terms expire this year Doctor Marshall will be a candidate for re-election, provided there is no contest. He will not fight for the place.

Mr. Cain, of the Second, and Mr. Ashbaugh, of the Fourth, are in the field again. To the present nothing has been heard of opposition.

Preparing For Business.

The boys at the freight depot do not say whether they expect to work at night, but today six large lamps were placed along the outbound platform.

Shipments of crockery are steadily increasing.

Stockholders' Meeting.

The annual meeting of the stockholders of the Union pottery will be held tomorrow afternoon in the Ferguson & Hill building at 1 o'clock. There is no unusual business to transact.

The Gibneys.

"The Hidden Hand" was presented at the Grand last evening by the Gibneys to a large and well pleased audience. Tonight "Camille" will be played.

Will Preach at Chester.

Reverend Reed will deliver an address at Chester next Sunday afternoon.

THE WICK CHINA CO.

Said to Be Chasing Out Brotherhood Men.

WILL NOT PAY THE ADVANCE

J. D. Myler, an Old East Liverpool Potter, Calls at the News Review Office and Tells the Story of His Trouble With President Wick.

J. D. Myler, formerly dishmaker at the Goodwin pottery, but lately engaged with the Wick China company, Kittanning, Armstrong county, Pa., arrived in East Liverpool yesterday, having, as he states, been discharged by John Wick, Jr., president of the Wick China company. Mr. Myler states that he was discharged because he asked for the 12½ per cent advance and because he belongs to the Brotherhood of Operative Potters. He further states that Wick is discharging everybody who belongs to the Brotherhood; that Wick stated that he would pay five per cent of an advance and run steadily, but that if he paid the 12½ per cent advance he could not run steadily, as he was and is selling 10 per cent less than the East Liverpool manufacturers. Myler states that Wick cursed like a full-fledged heathen Chinese, called down maledictions upon the Brotherhood, and used language vile beyond description in cursing and denouncing President Al

Hughes. Myler further stated that Wick asserted that he had seven million dollars back of him, and that he purposed making it hotter than hades for the Brotherhood of Operative Potters. Myler states that at the time of the late presidential canvass, Wick was the loudest mouthed "promiser" in all that section of country, asserting that if McKinley was elected president, the Wick China company would be glad to pay the 12½ per cent advance, but now boasts that the 12½ per cent being paid elsewhere is only a temporary feature, and that Wilson wages will control again in the near future. Mr. Myler will remove from Kittanning at once and take up his abode in East Liverpool, where he has already secured a good situation.

That Water Works Switch.

Messrs. McCormick, Newhall and Thomas, of the Cleveland and Pittsburg railroad, held a conference with Superintendent Phil Morley with reference to that switch at the water works yesterday afternoon, but nothing definite was done.

Engineer Newhall will correspond with Superintendent Scriven, and by next week something important will develop.

Funeral of Mrs. Brookes.

NOW IN THE INFIRMARY

A Party of Four Were Taken to Lisbon.

SUFFERING FROM A SORE ARM

Poor William Marvin Was In Pitiable Condition—Two Laborers Who Were Without Homes—One Name Not Given Out.

The township trustees this morning sent four unfortunates to the infirmary.

William Marvin, aged 17, arrived here from Cadiz last night. He was taken to jail by Trustee Albright where it developed that on his arm was an enormous running sore. He said he had worked for a farmer near Cadiz, and was by him sent to the poorhouse. After keeping him a time the authorities transferred him to this place. He is from Rochester, N. Y.

John Ryan and William Burns are Irishmen who worked at Unionport, but lost their jobs before Christmas. They will be kept until spring. They were at the infirmary for nine days in 1896.

The other occupant of the carriage was a well known young man of the city, whose name is not given out. He is ill.

It isn't for naught that we have earned the title of the satisfactory store; there is a satisfaction in the knowledge of never being undersold; there's a satisfaction in opening the season with new goods; there's a satisfaction in clearing shelves once a year; and the satisfaction is mutual.

LABOR IN LEGISLATION

The Wage Earner Will Not Be Forgotten.

NUMBER OF BILLS IN PROSPECT

The General Assembly Will Be Asked to Consider a Substitute For the Mechanics' Lien Law—Other Measures For Workmen of Ohio.

COLUMBUS, Jan. 14.—[Special]—Matters affecting the interests of the wage earner will be more prominent in this legislature than ever before. Almost every class of workers will be represented in the legislation proposed and the work commenced the first day. The most radical of all the bills is one introduced by Representative N. R. Piper, of Hardin county. This provides for the application of the principles of the initiative and referendum to the smaller political subdivisions of the state. It is not confined to municipalities, but reaches also to counties and school districts. The bill shows Mr. Piper's good will, but is of such a character that it will never become a law.

The legislative committees, which will work from trade organizations in the lobbies of the legislative halls this session, will be larger than those of the past. At the request of the legislative committee from the Ohio Federation of Labor, each organization in this city has selected a committee of seven members to assist in the work of lobbying for favorable measures and opposing others. This joint committee will number about 200 men, all the time watching the legislature in the interest of labor.

Probably the greatest fight for labor legislation will be to obtain the passage of a good act that will replace the mechanics' lien law which was declared unconstitutional. All building trades are interested in this, and allied interests will also take a hand.

Already bills have been introduced to better the condition of workshops and factories, and Representative Roberts, of Cleveland, has presented a bill to regulate and license stationary engineers. Another bill is to abolish the contract system in street improvements and make eight hours a day's labor on public work. Then the barbers of the state have prepared a bill providing that all tonsorialists must pass an examination before a state board and obtain a license. This is intended to do away with so-called "barber schools" and cheap shops that are generally unclean.

The question of convict labor will come up from several sources and an effort will be made to reduce the competition with free workers. The miners will ask for some relief; the tailors will again try to compel manufacturers of shoddy clothing to so label their goods, and the printers will endeavor to have a state printing plant established.

Legislation mentioned is already in course of preparation at the capitol and there are undoubtedly other beneficial laws that will appear later. The labor leaders will have plenty to keep them busy this winter, and it is to be hoped that their work will not be tainted with scandal, as were some of the efforts made in the last assembly.

BLACQUE WILSON.

A SPRINTER.

Winnie Mercer is Among the Best of Them.

A morning paper says: "Win Mercer, of the Washingtons, and Jimmy Callahan, of Chicago, are said to be two of the fastest sprinting twirlers in the National league. Mercer's batting average of last year was .333, which, it is said, was greatly augmented by his ability in beating out close hits."

The baseball and football teams will hold meetings the early part of next week.

The Rovers will practice tomorrow afternoon, and will endeavor to arrange games with McDonald or Homestead.

After the Sparrows.

The small boys have inaugurated a crusade against the English sparrows, hoping thereby to make a little pocket money from the law which allows the authorities to pay for the heads of these birds.

About 10 o'clock last night a Seventh street family heard a noise on the front veranda, and going to the door were surprised to find three small boys and a step ladder. They were after the sparrows that had gone to roost under the eaves.

Card of Thanks.

We desire to return our sincere thanks to one and all who extended to us the hand of sympathy in our late sad bereavement.

MRS. J. J. PAUL AND FAMILY.

You're After Money.

You have heard the proverb so often "A Dollar Saved is a Dollar Earned." That is a cold, hard fact. A dollar spent extravagantly or paid in over charge is a dollar knocked out of your days earnings--a dollar saved in economical trading is a dollar added to the days wages.

WE'RE AFTER YOU WITH MONEY IN OUR HANDS

in the way of a practical premium for your trade. We can save you money every time. We can make a dollar go as far as a dollar and a dime elsewhere. That means you are getting a premium of one dollar on every ten you spend with us. We are doing better for you than that. EAST LIVERPOOL, O., FRIDAY, JAN 14.

KEEP an eye on the primaries, and vote for those men who can be trusted to abide by their oath of office.

THE condition of affairs in Havana is best told by the statement that Spanish officers are mobbing newspaper offices.

PERHAPS it would be a good plan to amend the biennial session of the legislature plan by restricting the active life of the general assembly to one month.

THE Republican party has no use for free silverites. If Mr. Bryan wants their support let him have them. They will not number enough to insure his election.

It is significant that those who are most bitter in their opposition to the annexation of Hawaii were a few years ago most enthusiastic in their praises of everything Grover Cleveland choose to do.

If Mr. Hanna will take into the senate the methods that have made him so successful in business, Ohio will have more cause than ever to remember that its leading party knows well how to keep a pledge.

In spite of the outcome of the civil service discussion in congress, there are a very great many people in this country who are opposed to appointing any man to office and permitting him to fill that position until the grim reaper claims him.

SILVER AGITATION.

The renewed activity on the part of those silver leaders who still have faith in their chosen doctrine is brought out by the fact that the people will this year elect their representatives in congress. The friends of Bryan and free coinage pretend to believe that they have a fighting chance. As usual they are wrong. The Republican party has redeemed its promises to the people. Prosperity has come to drive away adversity. The country is again assuming its oldtime conditions, and thousands of busy toilers are again given employment. When we remember that these things were impossible under Democratic rule, we cannot think that the silver men have much cause for hope.

WATCH THE PRIMARIES.

Aye, watch the primaries closely. The time has come when this is imperatively demanded. Good men and true must be first nominated and then elected. The News Review is Republican all through, and has the courage of its convictions. The Republicans are largely in the majority in East Liverpool, and the majority rules, or is supposed to, in this country. But no party, no matter how strong, will dare to place at its head men who are unworthy of trust and who pay no attention to their oath of office. Such conduct, if persisted in, will ruin any party, and should ruin it. The Republican party of East Liverpool has in its ranks many good and true men who will do honor to any position in which they are placed. Let such men be nominated, and there is no doubt of their success. The men who will aim to place an unworthy candidate in nomination for the position of mayor of East Liverpool, on the Republican ticket, are the very worst enemies the Republican party has to fear. The News Review rings out this note of warning: BE CAREFUL WHOM YOU PLACE IN NOMINATION, AS THE CONSERVATIVE CITIZENS OF EAST LIVERPOOL WILL STAND NO TIFFLING.

William Erlanger Now Owns the Hotel Grand.

THE PRICE NOT MADE PUBLIC

The New Owner Is Not Yet Prepared to Say What He Will Do With It—The Deal Was Closed Last Night, and Is a Great Surprise.

The Hotel Grand is now the property of William Erlanger. The bargain was made last night, and all documents have been signed. Mr. Erlanger has not yet announced what disposition he will make of his purchase.

The property has been on the market for some time, and until recently was covered by an option. Mr. Erlanger decided that he wanted it, and was not long in closing the deal.

The property purchased not only includes the hotel building proper, but the frame buildings in Washington street as well. The property is 70x90 feet, and among the most valuable business locations in the city.

Mr. Erlanger said to the News Review, this morning, that he was not yet prepared to say what he would do with the purchase, but would announce his intentions in a short time. He will take possession Feb. 15.

OUR INDUSTRY.

How They View the Advance in Pittsburgh.

The following was clipped from the editorial column of the Pittsburgh Chronicle-Telegraph:

"The pottery industry is now profiting by the improvement in business, and the wages of the potters are advancing. The rate of pay is restored to the basis preceding the cut made necessary in 1894 by the depression in business. The pottery trade suffered severely in the industrial depression, for it had to contend with the foreign competition induced by the lower duties of the Wilson bill, as well as with the unfavorable conditions which beset business of all sorts. The Dingley bill recognized the injustice of the Wilson pottery duties, and raised them to a point which permits living wages to the potters. The workmen, who are receiving from 12½ to 14¼ per cent more wages than were paid in the last three years, are in position to appreciate a practical application of the doctrine of protection to American industries."

ARRESTED FOR STEALING IT

They Are Charged With Taking a Horse and Buggy, and Almost Succeeded in Getting Away—Were Taken Back Today. All the News.

Rush Palm and Edward Black were arrested yesterday afternoon by Constable Thorne on the strength of a telegram sent by Sheriff Ashbrook, of Carroll county. The telegram said they had stolen a valuable horse and buggy from Doctor Dick Williams, of Carrollton, and had started for the river.

It seems the men almost succeeded in reaching Wellsville, when the horse and buggy stuck in the mud. They abandoned the outfit and came to town, where they were arrested. One had a revolver, and the other had a razor and a can of baked beans.

Doctor Williams and the sheriff came to town this morning, and identified the property. The men were taken to Carrollton this afternoon.

Died Suddenly.

The sudden death of Mrs. Martha A. Cully yesterday afternoon surprised many of her friends, who did not know she was dangerously ill. Although she had been suffering for several days with pleurisy, she was not believed to be in a serious condition until a few hours before her death.

Mrs. Cully was a widow since her husband died while a soldier, and she leaves one daughter, Mrs. S. M. McConnell. Funeral services will be held at her home in Main street Sunday afternoon, Reverend Lowry officiating. The remains will be sent to Florence, Pa., Monday morning.

Deceased was very well known, and her death is mourned by a large circle of friends.

A TANK TOPPLED OVER

And Injured the New Sebring Pottery.

WALL AND ROOF TORN DOWN

The Water Damaged a Car of Flint and Two of Spar—The Damage Will Amount to \$500—Cause of the Accident Is at Present Unknown.

The big water tank at the new plant of the Sebring company in East End, toppled over last night, and considerable damage was done.

The tank stood on a platform across the switch from the pottery, and was filled with water yesterday for the first time. During the night it fell in such a manner as to crush a portion of the roof of the plant and tear down 30 feet of the west wall. A car of flint and two of spar were deluged and the contents rendered worthless. The damage will amount to \$500.

Workmen will begin at once, and the damage to the buildings will be repaired by Monday. The cause of the accident is not known.

CARPETS,**

which we used as samples last year.

These carpets are 3-4 wide by one and one-half yards long, and as they are cut to show the pattern, they are just right for RUGS.

They are highly prized and eagerly sought for by the ladies, as at our usual prices they cost less than half what rugs do.

This year, as we have many more than usual, and as we must get them out of our way "quick," we're going to put

QUICK SELLING PRICES

THEY SAY IT IS A GO

West End Will Have a New Factory.

WAS SETTLED IN A HURRY

Local Capital Interested With Eastern Men—The Few People Who Know the Particulars Will Not Say Anything Beyond That the Plant is Assured.

Although the matter is surrounded by the mystery that usually attends the location and construction of new factory buildings, it seems that the West End is to have another plant within the next few months.

The fact was made known this morning by a well known resident who is acquainted with the details of the deal although he is not directly interested. It seems that an eastern man, who represents a large amount of capital, was in the city the other day, and going to an office down town held a long conference with a local man. They had been corresponding on an entirely different matter, but the scheme later decided upon was brought into the conversation and settled at once.

The ground for the buildings has been purchased, and everything is in readiness to begin operations early in the spring. The plant will be located in West End, and when in operation will employ 25 or 30 men.

The News Review's informant said that he was positive all arrangements for the building of the plant had been made.

Only a Rumor.

There is a rumor that Steubenville is bidding high for the Banfield plant, and recently added some important features to the original offer.

A LITTLE PATRIOT

Who Believes That the Cause of Cuba Is Just.

Yesterday the scholars in the room taught by Miss Mary Smith in the Central building were given a few minutes to write their impressions of Cuba. The following is from the pen of Miss Josie Pickal:

A Poem on Cuba.

Cuba is a large island,
So they all do say.
It is situated off the coast of Florida.
Spain tried to get this island,
But the Cubans they were brave;
So they fought until they conquer—
And won the day.

Many wounded, many killed,
But they wanted independence,
Independence to the last.
Long they fought—
Long they reigned—
Till at last won the day.

Patient were they 'till the last.
Spain though angry
Fought her best.
Angry was Spain
When dear old Cuba won.
Let us all hail dear Cuba;
Dear old Cuba 'till the last,
While the stars are waving over
Land and sea.

Yes; we loved dear old Cuba,
And the stars and stripes,
For we love the nations
Who love the stars and stripes.
Let it wave forever o'er Cuba,
And her men.
Let us all be thankful
For Cuba and her men.

VANITY FAIR.

Something Unusually Good at the Grand Next Monday.

Once every year a particularly successful burlesque organization is launched; one that from its own force becomes more generally and favorably known within a few weeks, than others do which may be on tour several seasons.

The reason for this is not hard to solve, its success is due to its superior quality; its merits being spread abroad and carried along by the praise of those who have witnessed its production. Such being the case, it is not wonderful that "Vanity Fair" has had such phenomenal success. Those who have seen it, recognize it as a "good thing" and pass the word along. It is one of the most gorgeous productions that has been presented to the public in this age. "Vanity Fair" comes to the Grand next Monday evening.

Attended a Funeral.

Reverend Carson left this morning for Blockhouse hollow, three miles south of Wellsville, where he will preach at the funeral service of Mrs. Beers, who died yesterday morning. Interment will be made at Spring Hill cemetery.

Looking After Excursionists.

F. L. Patrick, of Columbus, was in the city yesterday evening calling on Agent Hill. Mr. Patrick was looking after a party of excursionists who contemplate a trip to the south.
